The Oil-free Air Compressor

The Oil-free Air Compressor

# ABAC ZERO

**Protecting the environment and your business has never been easier**

The new **ABAC ZERO** series come from the legacy of the earlier, beloved ABAC A29 and A39 pumps. Appreciated for both their sturdiness and ease of use, these pumps have been a must in professionals compressed air for many years. Today, ABAC is proud to bring a breath of fresh air to its iconic, oil lubricated pumps. And in doing so, changing forever the whole field of professional air compressors.

**ABAC ZERO** pumps deliver you clean, oil-free air. The innovative technology means no oil change and you will not be forced anymore to those lengthy cleaning sessions due to greasy condensate from the tank drain. On top of that, all damages caused by wrong or exhausted oil are avoided. In one fell swoop remove maintenance costs and timely demanding cleaning jobs.

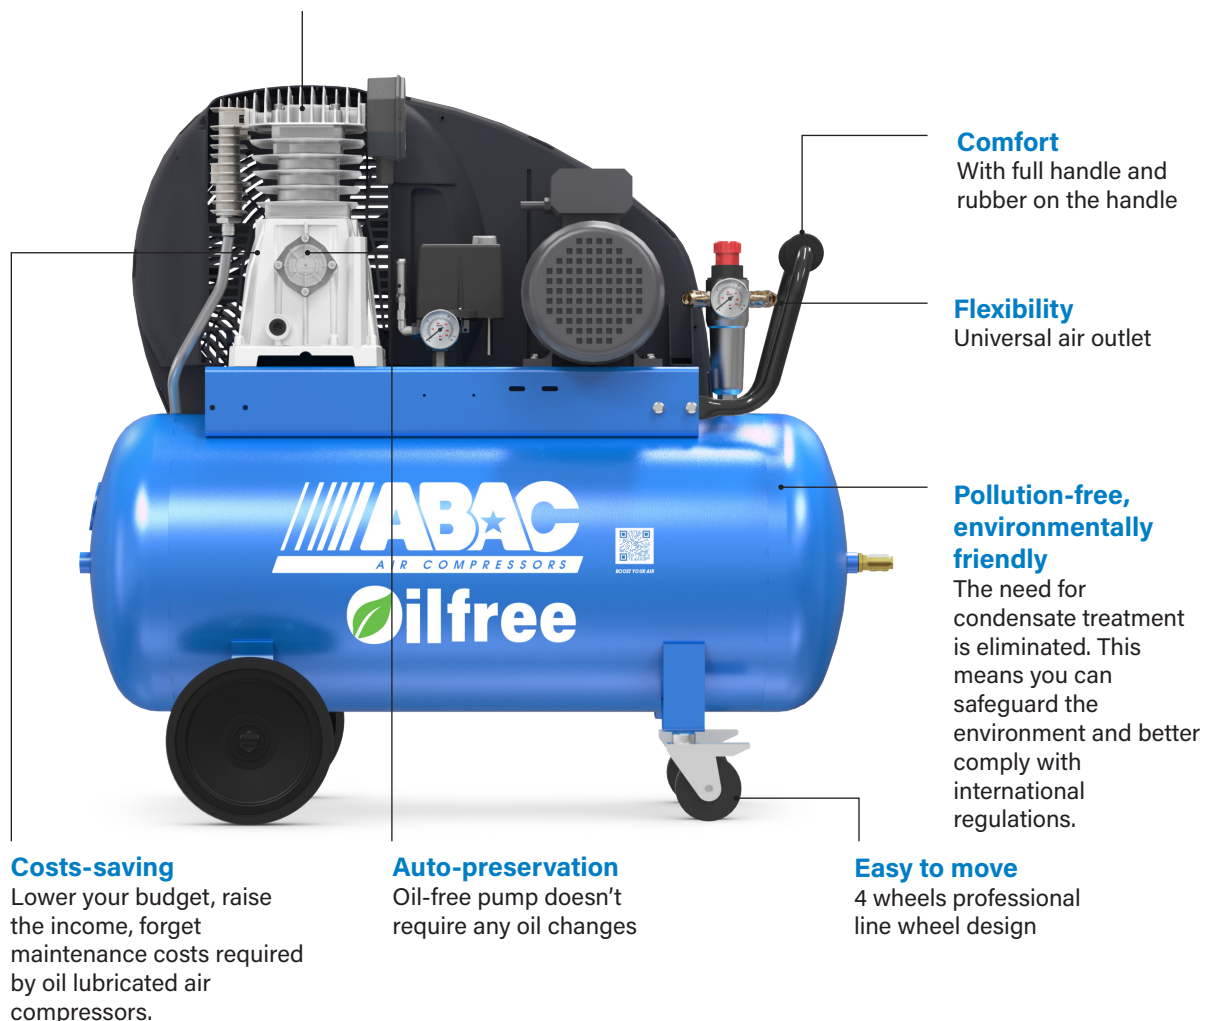

### Clean air

Protect your tools without oil residual

## Applications

-  Professional washing
-  Orbital sanding
-  Impact wrenching
-  Hammering
-  Professional blowing

### Comfort

With full handle and rubber on the handle

### Flexibility

Universal air outlet

### Pollution-free, environmentally friendly

The need for condensate treatment is eliminated. This means you can safeguard the environment and better comply with international regulations.

### Easy to move

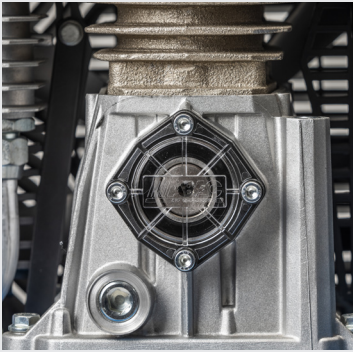

4 wheels professional line wheel design

### Costs-saving

Lower your budget, raise the income, forget maintenance costs required by oil lubricated air compressors.

### Auto-preservation

Oil-free pump doesn't require any oil changes

**Zero oil**  
**Zero pollution**  
**Zero worries**

**ABAC ZERO** pump is the ultimate evolution within single-stage air compressors scenario. Thanks to the advanced materials and components employed in its design **ABAC ZERO** breaks your air free from any oil residual.

The technological switch from oil lubricated air compressors results in the business opportunity offered to professionals to avoid oil change treatments and, at the same time, to comply with International regulations.

In addition, **ABAC ZERO** truly benefits every car repairer, painting specialist and carpenter with its limited maintenance operations. Due to the new oil-free setup, professionals are once for all unfettered by oil refill and change as well as finally being able to work in cleaner environments.
