# Complete air solutions for agriculture industry

## From farm maintenance, construction, livestock & aquaculture care, tractor maintenance

ABAC provides you with a complete range of specialist air solutions from air compressors, receivers, dryers, tools and equipment & accessories, driving your success forward.

We are a leading compressed air solutions company, providing the best compressors, tools and air distribution systems to fulfil even your most demanding needs.

Committed to quality, reliability and simplicity, we want to make your life easier with solutions that you can trust and rely upon every day.

ABAC is the perfect partner to help you achieve your goal, boosting your business.

## We have you covered for all types of projects

Our range of compressed air solutions caters to a variety of applications such as:

- Blasting & Sanding
- Milking & Feeding
- Spraying & Irrigating
- Degreasing & Cleaning
- Farming Vehicle & Tyre Maintenance
- Nailing & Stapling

## Our product range

### Air Compressors

We help you produce, distribute and use compressed air with a wide range of machines. We supply reliable and efficient mobile and stationary oil-free or oil-injected piston and screw air compressors in multiple configurations, tailored to your needs.

### Air Receivers & Dryers

Maintaining appropriate air quality levels throughout the supply chain is key to receive quality results. Our air dryers ensure the right air quality and our air receivers act as a buffer and a storage medium to maximise your air output.

### Air Tools

ABAC Professional Air Tools are engineered to meet the toughest, most complex demands of your business. Durable technology and high-quality materials are key features of our tool range, guaranteeing lifetime value and enduring performance.

### Accessories & Equipment

ABAC offers a wide range of accessories and ancillary equipment to compliment our compressed air solutions. From filters and air pipes to lubricants and spare parts we have you covered from start to finish of your project.
